SCENIC RIM REGIONAL COUNCIL
2015/2016 Fees and Charges
Effective From 1 July 2015

Planning Fees and Charges

1. Fee Strategy

Council requires an Applicant, as part of their submission, to state whether the application is Code, Impact (Consistent Use) or Impact (Inconsistent Use) in accordance with the relevant Planning Scheme applicable to the property(s).

Receipting of fees upon lodgement shall be on the basis of this initial advice and will be subject to adjustment should it be determined that the statement is not correct.

A Development Application will not be a properly made application for the purposes of Section 261 of the *Sustainable Planning Act 2009* unless accompanied by the prescribed fee.

1.A Combined Applications (involving more than one type of development) and / or Multiple Land Uses

Fees for a combined application are to be the sum of those fees that would have been required in the event of a separate development application being lodged for each type (e.g. Material Change of Use, Reconfiguration of a Lot, Building Work and Operational Work).

Where an application involves more than one type of land use, then the fee is to be based on the highest land use fee for the application.

1.B Preliminary Approval and Subsequent Development Permit

The application fee for a Preliminary Approval is to be the same as for a Development Permit. The exception is an application for a Preliminary Approval under section 242 of the Sustainable Planning Act 2009 (Preliminary Approval may override local planning instrument), which is identified in this fee schedule.

When a subsequent application is submitted for a Development Permit and the proposal is generally in accordance with the Preliminary Approval (not including an approval under section 242 of the Act), the fees are 75% of the relevant Development Permit fee

1.C Additional Fees for Inconsistent Applications

Under the Beaudesert Shire Planning Scheme 2007, where a use or reconfigure of a lot is not identified as Consistent Development in a Consistent Development Table for a Zone, the fee payable is 200% of the normal application fee.

Under the Ipswich Planning Scheme 2006, where a use or reconfigure of a lot is identified as being inconsistent within the applicable zone, the fee payable is 200% of the normal application fee.

Under the Boonah Planning Scheme 2006, where a use or reconfigure of a lot is not identified as consistent development (i.e. not identified in Column 1 of the relevant Assessment Table or does not fall within a definition included in Schedule 1), the fee payable is 200% of the normal application fee.

1.D Uses not Specifically Identified in the Fee Schedule and/or Unusual Circumstances

Where an application involves a use not specifically provided for and the use or application could not reasonably be included in a category that is provided in the Schedule of Fees, the Chief Executive Officer shall determine the relevant fee. This fee is to be based on an estimated fee to cover the actual cost for Council to cover the assessment and determination of the application.

SCENIC RIM REGIONAL COUNCIL
2015/2016 Fees and Charges
Effective From 1 July 2015

Planning Fees and Charges

1. Fee Strategy cont..

1.E Major Projects

For major projects not covered in the scope of these fees, or where the fee may not recover costs, the final fee will be determined by the Chief Executive Officer based on an estimated fee to cover the actual cost for Council to cover the assessment and determination of the application.

The Chief Executive Officer has the discretion to determine if a project is defined as a 'major project' based on:

- The scale of the project;
- The potential impacts to be assessed as part of the project;
- If the level of work anticipated by the nominated fee under the "IDAS Application Fees"; section does not
- The fee is not covered in this schedule of fees and charges;
- Any other relevant consideration.

1.F Refund of Fees for Withdrawn Applications

If an application is withdrawn before it is decided by Council a percentage of the application fee will be refunded depending on the process stage reached at the time of withdrawal:

Application Stage 75%
Information and Referral Stage 50%
Notification Stage 25%
Decision Stage Nil

Note: If an application lapses during the IDAS process no refund of fees is applicable.

1.G Fee Concessions – Bona Fide Charitable or Community Organisations

1.H Additional Fees for Internal Assessment of Technical Reports by Council

Any development application which requires Council to assess technical / specialist reports (e.g. economic impact study, contaminated land study, flood study, traffic study, acoustic study, cultural heritage study, etc), submitted in support of an application or required by a condition of any approval, is to pay the applicable application fee plus a technical report assessment fee as follows:

Technical Reports - \$1,000

Note: This fee applies in addition to the fee for assessment of technical reports by external consultants.

A resubmission fee of 50% of the original fee applies to any resubmission of a technical / specialist report.

1.I Additional Fees for Expert Advice and / or Assessment of Technical Reports by

The cost of external Consultant's fees in respect to any further expert assessment or advice required by Council in consideration of any application/submission and/or technical report will be charged to the Applicant, including resubmissions.

A fee proposal will be obtained from the external Consultant and forwarded to the Applicant for payment within ten (10) business days of receiving a copy of the fee estimate. In the event that the actual amount of the Consultant's fee is greater or less than the estimated figure, Council will refund any excess amount to the Applicant or as the case requires, the Applicant is required to pay any shortfalls to the Council.
