Steel, metals, vehicle batteries, oil (<25ltr), DrumMuster (plastic drums), E-waste, paint, paper/ cardboard, glass, hard plastics, mobile phones, toner cartridges. Not all recycling is available at all sites. Please see website or call Council on 5540 5111 to check recycling for each transfer station.

### NOTES - WASTE MANAGEMENT CHARGES

- Receipt of all waste is subject to both Council and Dept. of Environment and Science acceptance criteria and licence conditions.
- Commercial waste of 2 cubic metres or more, or any vehicle with a GVM of 4.5 tonnes or more must only dispose at Central Landfill. Tree stumps will only be accepted at Central Landfill.
- Council reserves the right to refuse to accept waste at any of its facilities, or direct waste to be taken to a designated facility, or to request that recyclable materials are separated from general waste or to request that the waste is presented in an acceptable manner for disposal e.g. bagged or wrapped.
- Regulated waste types and dead animals can only be disposed of at Central Landfill. Any other waste type requiring a non-typical disposal method will be charged at the Regulated Waste tonnage rate. Acceptance and charges will be assessed on a case by case basis. Small dead animals may be disposed of at Central landfill as general waste if they are sealed in double-wrapped, strong plastic bags.
- Fees must be paid prior to disposing of any waste
- A receipt will be issued for all transactions requiring payment
- It is a condition of entry to Council's waste facilities that users will abide by the above criteria and obey all directions of Council's waste facility staff.
- Domestic customers means SRRC residents obtaining mulch for use at their own home
- Waste types are determined by the Waste Services Officer upon inspection.
- Co-mingled recycling disposal in commercial quantities should be pre-arranged with Council prior to disposal. Charges will be discretionary and determined in accordance with disposal locations.
- SRRC Resident are those that reside within Councils designated region and can show proof of residency at the time of disposal. Without proof of residency, non-resident and commercial charges will apply
- For disposal of weighed items, if the weighbridge is not operational, fees and charges will be determined on deeming weights per vehicle as per the Waste Reduction and Recycling (Waste Levy) Amendment Regulation 2019.
- State Government and Council approved waste fee and waste levy exemptions will only apply when relevant certificates are presented at waste facilities
- The state government passed the Waste Reduction and Recycling (Waste Levy) Amendment Act 2019 on 21 March 2019 and a waste levy will commence from 1 July 2019 for waste going to landfill. The state levy will have no direct impact on households or domestic generated waste, but will apply to commercially generated waste disposed of at Council waste facilities and through regular waste collection services.

## What is General Waste from households?

This is waste from household activities including waste from the kitchen and bathroom, clean up/renovation waste such as carpet, furniture, mattresses, appliances, plaster board, tiles, and other waste items that are not identified separately in Council's disposal charges.

### SEPARATE AND SAVE

Council encourages householders to separate recyclable items from their general waste for recycling. Look at Council's website [www.scenicrim.qld.gov.au](http://www.scenicrim.qld.gov.au) or call 5540 5111 for more information on what can be recycled at your local waste facility. The more you separate your recyclables, the lower waste disposal fee you pay! Most recyclables are free.

## What is Green Waste?

This includes:

- grass cuttings and garden clippings
- bushes, shrubs
- tree branches, stumps, trunks or root balls (less than 40cm diameter)
- timber (please consult on-site staff about timber with nails, bolts or plastic coating such as laminate)

### HINT:

Please separate your green waste items from other wastes so they can be stockpiled separately and mulched. Mulch is available free for residents who load the mulch into their trailer or ute themselves.

## Tree Stumps

Tree branches, stumps, trunks or tree root balls greater than 40cm diameter will only be accepted for disposal at Central Landfill. These need to be placed separately to the green waste and will be charged as general waste. Please see the weighbridge officer.

## Refrigeration Units

Include but are not limited to: Vehicles which have intact air conditioner systems, self contained household air conditioners, refrigerators and freezers. The charge applies to check and degas the units in accordance with environmental legislation.

## Loading of Mulch

Mulch loads must be covered or restrained prior to leaving the waste facility. Council may refuse to load trailers with inadequate cover. Littering on roads is an offence.

For large quantities of mulch, please phone Council prior to collection on 5540 5111.

## Special Burials

Accepted with Council approval and prior arrangement only. This includes asbestos products, dead animals and other types of waste that may require special burial at the landfill.

### SITE RULES FOR EVERYONE'S SAFETY

To ensure everyone's health and safety, Council reminds you of the general rules that apply when you use our waste facilities:

- Follow directions of site staff at all times including requests for inspection of loads.
- Obey all signs including speed limits and be alert for other vehicles and pedestrians on site.
- Always wear covered footwear.
- No smoking on-site.
- Children under 16 and animals should remain inside vehicles at all times.
- Cover or restrain all loads while traveling to and from the facility.
- Do not scavenge from the site, including from waste bins, tip face or scrap metal piles.
