

BEAUDESERT TOWN REVITALISATION PROJECT

Brisbane Street Upgrade

- Reduced lane widths to reduce travel speeds and increase pedestrian safety
- Dedicated bicycle lanes for cyclist safety
- New pedestrian crossings for pedestrian safety and improved connectivity to the park and community facilities
- Conversion of angled to parallel parking to increase footpath widths and for cyclist safety

BEAUDESERT TOWN REVITALISATION PROJECT

Brisbane Street Upgrade

- Roundabouts and continuous medians to better manage peak traffic conditions and allow simple and safe traffic movements through the Town Centre
- Streetscape enhancements within the roundabouts, wider medians and kerb buildouts to improve amenity for all users
- Provides link from Brisbane Street to Helen Street
- Removes Black Spot at Short Street

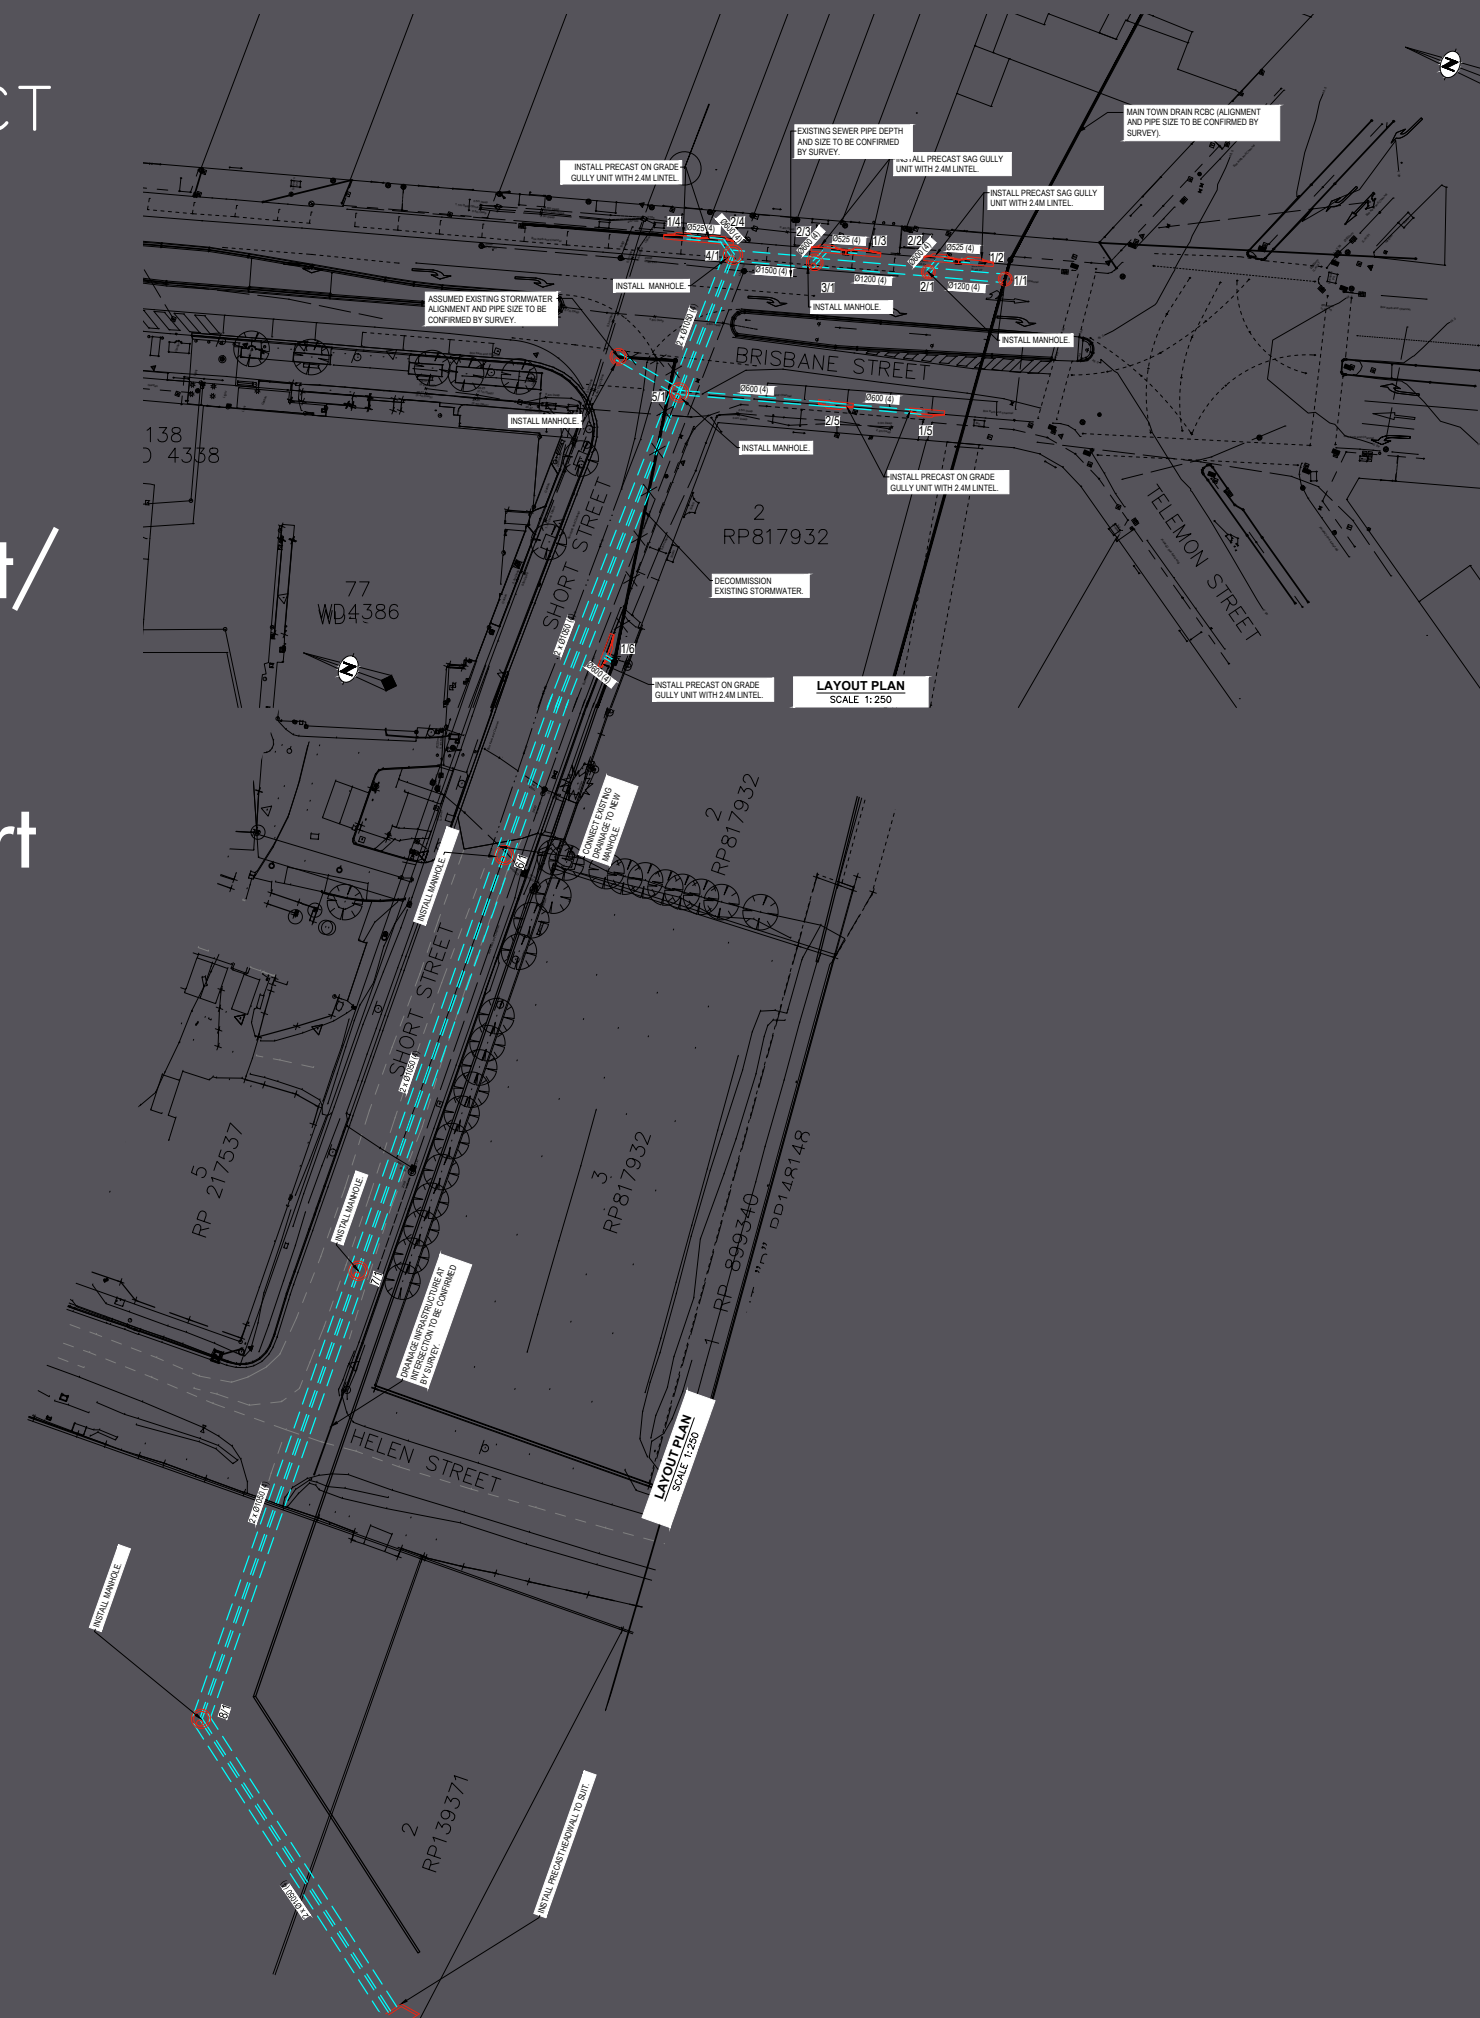

BEAUDESERT TOWN REVITALISATION PROJECT

Town drain alleviates flooding issues on Brisbane Street

- Stormwater upgrade on Brisbane Street/Short Street
- Remove flooding on Brisbane and Short Street

photo of Brisbane Street Beaudesert this afternoon. The town received 30.4mm in very quick time.

BEAUDESERT TOWN REVITALISATION PROJECT

Town Centre Carparking

- Increased carparking numbers
- Shade trees within carpark
- Removes dusty gravel carpark

"Based on the 2016 position it (new community hub and library) needs to be 3 times the size of the current footprint and into the future for 2031 to be more than 4 times the size of the current footprint."

(Scenic Rim Regional Libraries Space Review 2016, Peter Moeck)
