

# 6-10 Activity Sheet

## Pulled String Art

### What You Need:

- Paper
- Paint ( you can make your own using equal parts flour, water and salt and a few drops of food colouring)
- Heavy books
- String or wool

### How It Works:

- Soak the string/wool in paint leaving a dry end (this is what you will pull!)
- Place two pieces of paper between the pages of a heavy book (or similar)
- Swirl your painted string onto the paper with the dry ends sticking out
- Close the book, hold firm and pull the strings!
- Open the book and admire you artwork
