

# 6-10 Activity Sheet

## Mixed Media Collage

Create a beautiful multi layered work of art using a mixture of techniques and materials including different paints, papers, prints and natural objects.

**This activity is all about mixing different materials and techniques, and layering them into a single work of art.**

### What you will need:

- Various types of paper - tissue etc
- Black & white images on tracing paper
- Watercolour paints, fine liner pens, pencils, watercolour pencils, crayons
- Glue, scissors
- Leaves for rubbings or to attach to pic
- Any other found objects you feel you'd like to use
- White card for base

Try combining some or all of these into your piece.

### Materials

- Different types of paper - newspaper, tracing or baking paper, tissue paper, old gift wrap, magazine pages, old stamps, anything you think would add to your piece
- Leaves, twigs, other things from nature - you can attach them, or do leaf rubbings to add
- Other images and even words
- Blank page for base of your work

### Techniques

- Cutting, tearing, layering, pasting paper
- Tracing images onto baking/tracing/tissue paper as an overlay
- Making leaf or bark rubbings with crayon then painting over with watercolour paints (Watercolour resist)
- Overlap different colours of tissue paper to create new colours at intersections
- Incorporate words or poetry
