

Plumbing Inspector

Customer and Regional Prosperity

Permanent Full-time

Scenic Rim Regional Council delivers community services and infrastructure to a population of more than 40,000. With a team exceeding 420 employees, we are committed to shaping a progressive future for our community through collaboration, integration and innovation. We are extremely proud of our region which is well renowned for its breathtaking scenery, agricultural and tourism industries.

We have two exciting opportunities available for suitably skilled and experienced professionals to join the Health Building and Environment Business Unit.

The key objective of this role is to ensure that all new plumbing and drainage installations within the Region comply with the Plumbing and Drainage Legislation as prescribed to protect health and amenity of the community.

Key responsibilities of this role include the following:

- Conduct inspections/investigation in response to customer/s requests and produce effective outcomes in terms of community education and case completion within the parameters of relevant legislation and codes.
- Issue correspondence, directions, compliance notices and penalty infringement notices for alleged breaches of relevant legislation and codes.
- Undertake processing of plumbing and drainage applications for residential and commercial buildings including - on-site sewerage assessment and carrying out on-site inspections in an efficient and courteous manner to ensure compliance with approved plans and relevant plumbing law.
- Promote quality customer service in all dealings with internal and external stakeholders related to plumbing and drainage requirements.

The successful applicant will bring:

- Queensland Plumbers and Drainers License.
- Thorough knowledge of the Plumbing and Drainage Legislation as prescribed, Plumbing and Drainage Regulations, Australian Standards relating to plumbing and drainage works, and relevant Council local laws and policies.
- Demonstrated technical expertise in plumbing and draining installation.
- Demonstrated skills in plan reading and interpretation.
- Sound ability to operate computer systems, tablets, drafting programs.
- Endorsement on-site sewerage facility (highly desirable).
- Certificate IV in Plumbing and Services or equivalent tertiary qualifications (desirable).

Conditions of employment will be in accordance with Council's Enterprise Bargaining Agreement and relevant Award with the remuneration being a classification level 4/5 ranging from \$ 70,422 to \$ 80,030.05 per annum dependant on qualifications and experience.

The successful applicant will work with a knowledgeable team and a manager who encourages new ideas and autonomy. This role will include travel to many on-site treatment facilities as well as a variety of other domestic and commercial sites so the successful applicant/s will have the opportunity to see some of our region's most beautiful, rural vistas.

To apply please submit via SEEK:

1. **A statement** (maximum of 2 pages) demonstrating how your skills, knowledge and experience meet the specific requirements and responsibilities of this position.

*Council is an equal opportunity employer and offers a smoke free work environment
