

Councillor Conduct Register 2020-2024 Council Term

On 3 December 2018 the *Local Government Act 2009* (the Act) was amended requiring Council to maintain and publish a Councillor Conduct Register under section 150DX. This replaced a requirement under section 181A to keep a record of written complaints about councillor conduct or performance.

The Councillor Conduct Register records matters set out in section 150DX(1) relating to unsuitable meeting conduct, suspected inappropriate conduct, decisions about misconduct, conduct complaints dismissed by the Office of the Independent Assessor (OIA), and decisions by the OIA to take no further action.

A Councillor's name is only included if the local government or Councillor Conduct Tribunal decided that the Councillor engaged in inappropriate conduct or misconduct, or where the Councillor agrees to their name being included in the register (section 150DY of the Act). Information about a complaint which may be part of a public interest disclosure under the *Public Interest Disclosure Act 2010* is not available for review in the public register.

This is a record of eligible complaints received for the 2020-2024 Council term (April 2020 - March 2024 - in date order with the most recent date listed first).

C/21/00218	<p>A complaint was made to the Office of the Independent Assessor about the conduct of Cr Derek Swanborough. The complaint alleged that the Councillor breached the Code of Conduct for Councillors in Queensland in his behaviour towards a Council employee. The allegation was that the Councillor made unfair and or discourteous comments regarding the Council employee in an email sent to a member of the public. Council decided that Councillor Swanborough did engage in inappropriate conduct as defined in section 150AG of the <i>Local Government Act 2009</i>(LGA).</p> <p>In accordance with the <i>Local Government Act 2009</i>, section 150AH, the following orders are imposed:</p> <ul style="list-style-type: none"> a) That the Councillor makes a public admission that the Councillor has engaged in inappropriate conduct. b) That such an admission must include, but not limited to, a statement that is to be read at the next available Ordinary Meeting acknowledging that the Councillor behaved inappropriately. c) That a reprimand be recorded against the councillor for the conduct. d) That if the councillor engages in the same type of conduct again it will be treated as misconduct. C/21/00247	A complaint was made to the Office of the Independent Assessor about the conduct of a Councillor. The complaint alleged that the Councillor breached Council's Media Policy by making unauthorised comments in a media podcast by Voice of Real Australia titled "Beaudesert's heritage saleyard stands up to council bulldozing" in March 2021. That in accordance with the <i>Local Government Act 2009</i> , section 150AG, Council finds that the Councillor has not engaged in inappropriate conduct.	Derek Swanborough	11 October 2022
C/20/00809	Council decided that Councillor Swanborough did engage in inappropriate conduct as defined in section 150K(1)(a) of the <i>Local Government Act 2009</i> (LGA). The reason for the decision was that Council found that the Councillor occasionally failed to prepare for workshops, briefings and meetings adequately. The Council further found that the Councillor occasionally failed to engage with presentations or background introduction of issues, working on emails instead and that the Councillor occasionally misrepresented Mayor Christensen's comments. In accordance with section 150AH of the LGA Council imposed the following orders: <ol style="list-style-type: none"> 1) That the Councillor must attend training on Code of Conduct for Councillors in Queensland being held on Tuesday, 14 December 2021; and 2) That the Councillor must make a public admission at the next Ordinary Meeting being held on 18 January 2022, that he has engaged in inappropriate conduct. 	Derek Swanborough	7 December 2021
C/20/00809	Council decided that the Councillor did not engage in inappropriate conduct as defined in section 150K(1)(a) of the <i>Local Government Act 2009</i> (LGA). The reason for the decision was that Council found that on or about 22 April 2020, the allegation that the Councillor made inappropriate comments to another Councillor was not proven. C/20/00723	Council decided that Mayor Christensen engaged in inappropriate conduct as defined in section 150K(1)(a) of the <i>Local Government Act 2009</i> (LGA). The reason for the decision was that Council found that in a meeting on 8 June 2020, Mayor Christensen stated that a participant was slow and that he would speak slower so that he could understand what he was saying. Council found these comments to contravene a behavioural standard outlined in the Councillor Code of Conduct. Pursuant to section 150AH of the LGA, Council ordered that no action be taken against Mayor Christensen.	Greg Christensen	21 September 2021
C/20/00808	Council decided that Councillor did not engage in inappropriate conduct as defined in section 150K(1)(a) of the <i>Local Government Act 2009</i> (LGA). The reason for the decision was that Council found that during an ordinary meeting of Council on 9 November 2020, the way in which the Councillor presented a petition to Council did not contravene the meeting standing orders. C/22/00869	It was alleged that a Councillor had utilised provisions of the Local Government Act to improperly gain political advantage and in doing so engaged in misconduct. The OIA decided to take no further action pursuant to section 150Y(b)(iii) of the Local Government Act 2009 (the Act) on the basis that taking further action would be an unjustifiable use of resources. Similar conduct was identified across all councillors and as it is a systemic issue of capacity and capability it is most appropriately addressed by the advisor appointed to Council. C/22/00574	It was alleged that a councillor had engaged in misconduct by participating in a matter at a council meeting where the councillor had a declarable conflict of interest in matters to be decided, and that the councillor had made a false and misleading statement in raising a conflict of interest in relation to another councillor in deciding the matter. Following an investigation the OIA decided on the facts of this case to take no further action pursuant to section 150Y(b)(iii) of the Local Government Act 2009 (the Act) on the basis that taking further action would be an unjustifiable use of resources. In relation to the first allegation, it was considered that the participation of the councillor was consistent with advice that the councillor received in the meeting from a council officer. In relation to the second allegation, it was considered that the councillor subsequently apologised and corrected the record at a council meeting.	Derek Swanborough	29 November 2022
C/22/00810	It was alleged that a councillor made false and/or misleading comments about another councillor in a local newspaper article. The OIA decided to take no further action pursuant to section 150Y(b)(iii) of the Local Government Act 2009 [the Act] on the basis that further dealing with the matter would not be a justifiable use of resources. The councillor's comments in the media article were loosely based on circumstances that had occurred but were misguided and not fully accurate.	Derek Swanborough	28 November 2022

C/22/00821	It was alleged a councillor influenced the CEO and other executive officers' advice regarding what another councillor could present at an ordinary council meeting. The OIA decided to take no further action pursuant to section 150Y(b)(i) of the Local Government Act 2009 [the Act] on the basis that the conduct does not raise a reasonable suspicion of inappropriate conduct or misconduct. Given the irregular circumstances it was clear why advice was sought and necessary. C/22/00786	A councillor self-referred allegations made against them in relation to conflicts of interest and complaints made. The OIA decided to take no further action pursuant to section 150Y(b)(i) of the <i>Local Government Act 2009</i> [the Act] on the basis that the conduct does not raise a reasonable suspicion of inappropriate conduct or misconduct. Councillors have a mandatory reporting obligation. No vexatious complaints have been made by the councillor.	Greg Christensen	7 November 2022
C/22/00781	It is alleged that a councillor did not follow due process during a meeting of the local government. The OIA decided to take no further action pursuant to section 150Y(b)(iii) of the <i>Local Government Act 2009</i> [the Act] on the basis that taking further action would be an unjustifiable use of resources. This decision was made in consideration of the complexity of the matter being dealt with, the relative inexperience of the councillor in the role they were undertaking and that they corrected the situation at the time.	Jeff McConnell	2 November 2022
C/22/00089	A councillor made false and/or misleading statements in respect of council's Growth Management Strategy significantly changing the application of the Scenic Rim Planning Scheme in respect of development applications in a particular area. The OIA decided to take no further action pursuant to section 150Y(b)(iii) of the <i>Local Government Act 2009</i> [the Act] on the basis that taking further action would be an unjustifiable use of resources. 	An investigation by the OIA found that while (contrary to the import of the councillor's statement) the Growth Management Strategy did not depart significantly in outcome from the planning scheme, differences in the way development applications may be assessed was possible.		
C/20/00644	It was alleged that a councillor engaged in misconduct when they made false and misleading comments in relation to the clearing of remnant vegetation that were intended to reflect poorly on council. The Independent Assessor decided to take no further action pursuant to section 150Y(b)(iii) of the <i>Local Government Act 2009</i> (the Act) on the basis that taking further action would be an unjustifiable use of resources. In making this decision, the Independent Assessor considered that the comments appeared to be both misleading and intended to reflect poorly on council, but was not satisfied that the comments in all the circumstances would amount to a breach of the trust placed in the councillor, having regard to the authorities on breach of trust.	Derek Swanborough	11 May 2022
C/20/00686	It was alleged that a councillor engaged in misconduct when they made false and misleading comments when commenting on council's consultation with industry stakeholders in determining projects to be funded under disaster recovery funding. The Independent Assessor decided to take no further action pursuant to section 150Y(b)(iii) of the <i>Local Government Act 2009</i> (the Act) on the basis that taking further action would be an unjustifiable use of resources. While there was extensive evidence of consultation that had been undertaken the councillor was able to provide evidence that there were some industry stakeholders who disputed they were consulted or that they agreed with the projects being funded and had communicated this to the councillor prior to the statements in question. This allegation was not considered to amount to inappropriate conduct or misconduct.</p> <p>The complaint also raised concerns about the timing of the councillors having sought legal advice in relation to the conduct of a councillor having fulfilled their obligation to report another councillor's conflict of interest and that the councillors may have indicated an intention to publish these matters. Councillors seeking advice on such matters would not be considered inappropriate and what they may or may not have intended to do with the outcome of the advice is conjecture which may well have turned on what the advice actually said.</p> <p>It was further noted, the Department and other legal representatives have since attended and assisted council on the process for dealing with conflict of interest matters in a meeting, consistent with the Act.</p>	Derek Swanborough Not Available Jeff McConnell Not Available	22 March 2022

	on councillors to report another councillor's prescribed or declarable conflict of interest if an informing councillor "reasonably believes or reasonably suspects" that a relevant councillor has a conflict of interest. Section 150EX sets out the process to be followed by both the informing councillor and the relevant councillor in such circumstances and allows the eligible councillors in a meeting to make a decision about whether the reported interest gives rise to a conflict of interest. The purpose of sections 150EW and 150EX is to ensure that decision-making is transparent and in the public interest. There is no reasonable evidence to prove that the councillor engaged in these processes for any purpose other than to comply with legislation. In one of the matters which was raised over a number of meetings as further details about the interest became known, council had legal advice which supported the existence of a conflict of interest.		
C/22/00052 C/22/00053 C/22/00054	It was alleged that: A group of councillors provided a fully signed 'Request for special meeting' which made reference to communication being made outside of council, which was alleged to have breached a resolution of council. The OIA decided to take no further action pursuant to section 150Y(b)(iii) of the <i>Local Government Act 2009</i> (the Act) on the basis that taking further action would be an unjustifiable use of resources. The communication made outside of council was made by one councillor only. The councillor should not have taken it upon themselves to write unilaterally to a party outside of council, arguably breaching a prior resolution of council. It is noted that the resolution in question had also not at that time been progressed as prescribed, for reasons subsequently provided to the OIA. It is noted however that the Department and council advisors have since worked with all councillors to progress consideration of relevant agenda items.	Jeff McConnell	24 February 2022

C/20/00893	It is alleged that a councillor engaged in misconduct by failing to declare a conflict of interest at a council workshop. Following an investigation the OIA decided to take no further action pursuant to section 150Y(b)(i) of the <i>Local Government Act 2009</i> [the Act] on the basis that the conduct does not constitute inappropriate conduct or misconduct. The matter under consideration during the workshop was too remote in relation to the councillor's interest.	Not Available	23 December 2021
C/20/00689	That a councillor made public comment relating to projects funded under state government disaster recovery funding that were alleged to be false and misleading. The OIA decided to take no further action pursuant to section 150Y(b)(iii) of the <i>Local Government Act 2009</i> [the Act] on the basis that taking further action would be an unjustifiable use of resources. C/20/00691	That a Councillor engaged in misconduct by making false and misleading statements on a Facebook page utilised by a Residents Group, concerning the Councillor's knowledge of a proposed name change to a public facility in the local government area. The OIA decided to take no further action pursuant to section 150Y(b)(iii) of the <i>Local Government Act 2009</i> [the Act] on the basis that taking further action would be an unjustifiable use of resources. While relevant council documents contained information on this issue, it was limited and only tangentially related to the motions being considered by council at the time. Witness versions did not identify that the relevant information was discussed in council. It was not established that the comment was knowingly or recklessly false and misleading. C/21/00725	It is alleged a councillor has misused their position to make inappropriate comments in the media relating to a public health matter. The OIA decided to take no further action pursuant to section 150Y(b)(i) of the <i>Local Government Act 2009</i> [the Act] on the basis that the conduct does not raise a reasonable suspicion of inappropriate conduct or misconduct. In considering the complaint the OIA reviewed the Councillors comments in the media and noted that he prefaces his comments as being his own views and that he does not purport to speak on behalf of council. C/20/00489	That a councillor made comments to a media outlet that were false and misleading in relation to a decision of council to purchase land. The OIA decided to take no further action pursuant to section 150Y(b)(iii) of the <i>Local Government Act 2009</i> [the Act] on the basis that taking further action would be an unjustifiable use of resources as while the published comments of the councillor could reasonably be considered to be misleading they were not clearly false. That the councillor was stepping beyond the right to express an alternate view to a decision of council and has acted to bring council into disrepute. That the councillor breached their obligation to raise the conduct of other councillors with the OIA, if the councillor did believe that they had acted outside of proper process as the councillor has propagated publicly via these articles.</p> <p>It is further alleged, the councillor's comments are deliberately false and designed to propagate a negative perception of the operation of council and that the councillor is embarking on a misleading and defamatory public campaign. That the councillor should reasonably be aware that confidential workshops and briefings are an approved part of the workings of a local government and that council decisions are only made via the ordinary meeting process.</p> <p>The OIA decided to take no further action pursuant to section 150Y(b)(iii) of the <i>Local Government Act 2009</i> [the Act] in respect of both complaints on the basis that taking further action would be an unjustifiable use of resources. Council's committee structure has been considered and adopted by the majority of councillors. Whether that structure is compliant with the local government act and regulations is not a councillor conduct matter. Given the ongoing public commentary by one councillor however the OIA have requested a copy of any advice upon which the meeting framework was based and or input from the Department of State Development, Infrastructure Local Government and Planning. In the absence of that advice it is difficult for the OIA to form a view on whether the councillors ongoing behaviour in publicly raising these issues raises conduct issues.</p>

C/20/00607 C/20/00612	It was alleged that a councillor had engaged in misconduct by breaching the local government principles and the provisions of the Local Government Regulation 2012 in relation to meeting procedures. The OIA decided to take no further action pursuant to section 150Y(b)(i) of the <i>Local Government Act 2009</i> on the basis that the conduct does not raise a reasonable suspicion of inappropriate conduct or misconduct. The complaint related to decisions of council rather than the specific conduct of a councillor.	Not Available	26 August 2020
C/20/00594	It was alleged that a Councillor had mismanaged the Scenic Rim Regional Council finances. The OIA decided to take no further action pursuant to section 150Y(b)(i) of the <i>Local Government Act 2009</i> on the basis that the conduct does not raise a reasonable suspicion of inappropriate conduct or misconduct by a councillor as defined by the Act. The complaint relates to decisions and administrative actions of the Council, rather than the conduct of a specific councillor. Administrative decisions of council do not amount to inappropriate conduct or misconduct by individual councillors.	Not Available	18 August 2020
C/20/00459	It was alleged, a Councillor provided misleading information to the public via letters to the local newspapers in April, May and June 2020, that the statements attack the credibility of other Councillors and the management of Council. The OIA decided to take no further action pursuant to section 150Y(b)(iii) of the <i>Local Government Act 2009</i> , on the basis that taking further action would be an unjustifiable use of resources. It is the OIA's view that there is no issue with Councillors providing information to their division and relaying Council decisions that affect the division. However, if there are any issues relating to Council processes or governance issues Councillors should be raising them for discussion in Council meetings, where other Councillors and Council officers are given the opportunity to respond, to address any issues or to explain why issues cannot be addressed. 			Allegation 2: It was noted that a councillor was approved to take a leave of absence from a council meeting and council subsequently resolved to allow that councillor to participate via telephone to vote on a specific matter.	
C/22/00126	2 March 2022	It was alleged that a councillor released information that was confidential to the local government, which was provided to councillors in a confidential legal advice. It was alleged the councillor shared the information to the media and other external parties who then asked similar questions of council about the matter and the councillor also subsequently published the same information in a media statement.	The OIA dismissed this matter pursuant to section 150X(a)(ii) of the <i>Local Government Act 2009</i> (the Act) on the basis that the conduct does not raise a reasonable suspicion of inappropriate conduct or misconduct. The OIA noted that the information contained in the media article, which quoted the councillor, contained information that may have come from a confidential legal advice to councillors prior to 12 January 2022. However, the information in the media article was information that could easily have been deduced from council discussions that occurred during open council meeting on 12 January 2022. On that basis, and on considering local government principles that relate to transparent decision-making, the released information was not considered confidential to the local government. C/21/00351	1 June 2021	A councillor made comments about budgetary matters in the media that were alleged to be false and misleading in respect of its particulars.	The OIA dismissed this matter pursuant to section 150X(c)(ii) of the <i>Local Government Act 2009</i> [the Act] as further dealing with this matter would be an unjustifiable use of resources. The statements appeared to be gross oversimplifications of complex budgetary matters but were not false or misleading to the extent that the conduct would amount to misconduct. Other elements of the comments amounted to opinion.	Derek Swanborough
C/21/00346	1 June 2021	It is alleged a councillor had breached the ethical standards and abused their position in the renaming of a public space.	The OIA dismissed this matter pursuant to section 150X(a)(ii) of the <i>Local Government Act 2009</i> as the conduct does not raise a reasonable suspicion of inappropriate conduct or misconduct. There is sufficient information in the public domain to demonstrate that the decision to rename the public space was a decision of the membership of the community group at its Annual General Meeting and not a decision of Council. It is further alleged that councillors resolved to allow one of the conflicted councillors to stay in the meeting but did not identify whether the councillor was entitled to vote.	The OIA dismissed this matter pursuant to section 150X(c)(ii) as inquiries confirmed that the procedure followed was in accordance with advice that had been given to the councillors Legislation which affected significant changes to the conflict of interest framework and the procedure to be followed commenced on 12 October 2020. C/21/00043	24 January 2021	The OIA received a complaint alleging that a Councillor after declaring a conflict of interest in an agenda item, handed over the meeting to second councillor, who the first councillor knew to also have a conflict of interest in relation to the agenda item - to chair a discussion/ vote on how the first councillor's conflict of interest should be managed. It is further alleged that the first councillor should not have subsequently voted on the matter because the resolution of council (which was passed in the first councillors absence) allowed the first councillor to stay in the meeting, but was silent on whether the first councillor could vote.	The OIA dismissed this matter pursuant to section 150X(c)(ii) as inquiries confirmed that the Councillor was following advice given to the councillor about the procedure for managing conflicts of interest. Legislation which affected significant changes to the conflict of interest framework and the procedure to be followed commenced on 12 October 2020. It is alleged that the comments were made in the presence of other councillors who did not take issue with the comments.	The OIA has previously considered and dismissed two identical complaints about the councillor who is alleged to have made the comments; including one from the same complainant in this matter. All of the current complaints were dismissed pursuant to section 150X(b) of the <i>Local Government Act 2009</i> (the Act) on the basis that the complaint was not made in good faith and or was vexatious. In this instance the complaint was made to council and referred to the OIA by council as required under the <i>Local Government Act 2009</i> . At the time of making the complaint the complainant was aware that the OIA had already received, assessed and dismissed a complaint about the councillor alleged to have made the comments. The complaint made to the council contained no new information in relation to the alleged comments and included information known by the OIA to be false and or misleading. C/20/00947	17 December 2020	It is alleged that at council's ordinary meeting on 14 December 2020, a councillor voted in favour of providing funding to a lobby group, despite half the council agreeing that the councillor should not take part in discussions because of a potential conflict of interest on their part.	<p>The OIA dismissed this matter pursuant to section 150X(a)(ii) of the <i>Local Government Act 2009</i> (the Act), on the basis that the conduct does not raise a reasonable suspicion of inappropriate conduct or misconduct on the part of the councillor.</p> <p>The councillor declared a declarable conflict of interest and left the meeting. One of the alleged comments was considered borderline inappropriate conduct however it was not considered a reasonable interpretation that it was the threat to the safety of a person. The comments were made in a closed group and not in a formal, open or public forum. The councillor disputed that the comments were reported accurately.</p>	Not Available

C/20/00664	15 September 2020	It is alleged that a Councillor made an election promise that residents would make substantial savings on their rates if the councillor was elected which has not been delivered to residents.	The OIA dismissed this matter pursuant to section 150X(a)(ii) of the <i>Local Government Act 2009</i> on the basis that the conduct does not raise a reasonable suspicion of inappropriate conduct or misconduct. The OIA assessed the complaint and considered the relevant promise was made as an election candidate and not as a councillor. Conduct of election candidates is outside the jurisdiction of the OIA. The councillor contributed to media articles regarding rates, where the Councillor made the case for what the Councillor planned/hoped to achieve.
