- Persisting with issues despite advice to the contrary;

4.3. LEVEL 1 INITIAL COMPLAINT HANDLING

A complaint at this stage will be handled by the relevant business unit and follow the seven customer complaint management stages:

1. Stage 1 - Receipt
2. Stage 2 - Assistance
3. Stage 3 - Acknowledgement
4. Stage 4 - Assessment
5. Stage 5 - Response
6. Stage 6 - Reporting
7. Stage 7 - Learning and Improvement.

4.3.1. Stage 1 - Receipt

Complaints may be lodged with Council either:

- by email: mail@scenicrim.qld.gov.au ;

- in writing to:

Chief Executive Officer
Scenic Rim Regional Council
PO Box 25
BEAUDESERT QLD 4285.

Administrative action complaints may also be made verbally to an on-duty Council Administrative Officer, other than complaints of a complex or detailed nature which may require detailed investigation and analysis of the facts presented. These complaints must be made in writing or as outlined in 4.3.2.

Persons who display unreasonable complainant conduct may be required to submit their concerns to Council in writing.

Anonymous complaints will be accepted however such anonymity may inhibit Council obtaining further particulars regarding the subject matter or providing feedback to the complainant.

Upon receipt of the complaint it will be recorded in compliance with the Record Keeping Act and the Record Keeping Council Policy and provided to both Governance and the relevant business unit for progression through the stages.

4.3.2. Stage 2 - Assistance

Council acknowledges that some complainants may find the lodgement of a complaint difficult due to the diverse needs, abilities and personal circumstances of the community. Where requested, Council will provide appropriate assistance to persons with language or physical disabilities which inhibit their capacity to formally lodge a complaint.

Council understands that not all complainants will be able to provide their complaint in writing and may wish to lodge the complaint verbally. This must be done to an on-duty Council Administrative Officer however the mechanism of the lodgement can be altered depending on the particular circumstances.

As outlined above, if the matter is of a complex or detailed nature which may require detailed investigation and analysis of the facts presented, Council will initially request the details in writing.

Where a customer requests lodgement of a verbal complaint the Administrative Officer will provide all reasonable assistance the complainant to complete a complaint form. This may include completing the form on their behalf, reading the form to them, providing them a copy of the policy and this corporate procedure or provide details of another agency that may be able to provide interpretation or translation services.

4.3.3. Stage 3 - Acknowledgement

Council will provide an acknowledgement back to the complainant as outlined in this corporate procedure. For clarity Governance and Assurance will provide the acknowledgement on behalf of the business unit. All further correspondence during this level will be the responsibility of the relevant business unit.

An acknowledgement will be provided to the Complainant in the same manner in which the complaint was made unless stipulated in the correspondence. In most instances this will be via email. The correspondence should include the following:

- Acknowledgement of the complaint
- Reference number (where applicable)
- The complaint details and any interpretations or assumptions Council has made.
- Contact details of the decision maker
- The Council process including relevant timeframes.

Templated emails and letters have been created to provide guidance on these matters.

Timeframes will be in accordance with the legislation however if silent an acknowledgement will be provided within 3 business days of the receipt of the complaint. An anonymous complaint may not be acknowledged and no further correspondence will be entered into.

4.3.4. Stage 4 - Assessment

An initial assessment will be conducted by Governance and Assurance in conjunction with the issuance of the acknowledgement. However, it is the responsibility of the relevant business unit to perform an initial assessment and triage the work in accordance with the policies and procedures of Council. Communication with the Complainant should be maintained throughout the assessment stage.

Complaints focused predominantly on the conduct of an employee will be sent to Human Resources in the first instance. If the conduct is substantiated it will follow the usual Disciplinary Policy.

Where the works are not in the scope/action of Council a referral should be made to the appropriate department and the complainant notified. This should include reasons and details of the referral.

Complaint Officers should exercise their relevant delegation as Complaints Officers and perform investigations into the complaint made. Evidence and information should be gathered in accordance with the policy and AS 10002:2022 Guidelines for complaint management in organizations.

All records made should be kept in accordance with the *Public Records Act 2012*.

4.3.5. Stage 5 - Response

At the completion of all complaint assessments and investigations Council will provide the complainants with an outcome of their complaint. Templates have been developed to assist in the structure and detail of such correspondence.

Noting that the personal information contained within the complaint will be managed in accordance with the *Information Privacy Act 2012*. This may result in Council's inability to provide certain information regarding the outcome.

4.3.6. Stage 6 - Reporting

Governance will perform regular analysis of the complaint data including any identified trending throughout the organisation. Reporting will be made to the CEO and Audit and Risk Committee on a regular basis.

In accordance with the obligations under the annual report Governance will also provide the relevant data for all Administrative Action Complaints including the following mandatory fields.

1. All AAC received in the financial year;
2. All AAC not yet finalised; and
3. Any AAC from the previous financial years that have not yet been completed.

4.3.7. Stage 7 - Learning and Improvement

Council accepts that continuous improvement is an essential part of the Complaints Management Framework and will strive to learn from and improve the process wherever possible. Where a trend is identified the relevant General Manager will undertake further analysis to determine any growth opportunity available to Council.

4.4. LEVEL 2 INTERNAL REVIEW

Please note: This level of review will not be available to those who are seeking a review regarding a PIN.

A Complainant dissatisfied with the outcome of their complaint under Stage 1 (above) may request a review of the decision. The Complainant must provide their reasons why the Council should review the decision and any evidence of their position. Failure to provide such detail may curtail the investigation.

Review requests will be referred to Council's Governance section for detailed investigation and report to the Chief Executive Officer who will then make a Level 2 decision.

Council's Governance section may curtail investigation of complaints where they deem:

- the complaint is trivial, frivolous or vexatious;
- the complaint has been made by a person with no direct interest in the matter;
- the complaint is a matter which has not been pursued by seeking a more reasonable remedy; or
- investigation would be an unnecessary or unjustifiable use of resources.

Within 10 days of receiving a Level 2 complaint, Council's Governance section will provide the complainant with an acknowledgement notice advising when it is anticipated that a review decision will be provided. That proposed decision date will be within 60 days of acknowledgement.

Following completion of the review, the Decision Maker will provide the complainant with:

- advice of their decision;
- reasons for that decision; and
- advice of the complainant's right to make a Level 3 Appeal.

4.5. STAGE 3 - EXTERNAL REVIEW

A person dissatisfied with a decision made under the Level 2 review process may submit an appeal to the Queensland Ombudsman (Ombudsman). The Information on how to contact the Queensland Ombudsman will be provided to the complainant with the Level 2 response. The Ombudsman will liaise with both the complainant and the Council.

Council undertakes to participate in these reviews in an open and transparent manner with a growth mindset.
