NOTES – WASTE MANAGEMENT CHARGES

- Receipt of all waste is subject to both Council and Dept. of Environment and Science acceptance criteria and licence conditions.
- Commercial waste of 2 cubic metres or more, or any vehicle with a GVM of 4.5 tonnes or more must only dispose at Central Landfill. Greenwaste >450mm and tree stumps will only be accepted at Central Landfill.
- Council reserves the right to refuse to accept waste at any of its facilities, or direct waste to be taken to a designated facility, or to request that recyclable materials are separated from general waste or to request that the waste is presented in an acceptable manner for disposal e.g. bagged or wrapped.
- Regulated waste types and dead animals can only be disposed of at Central Landfill. Any other waste type requiring a non typical disposal method e.g Special burial, will be charged at the Regulated Waste tonnage rate. Acceptance and charges will be assessed on a case by case basis. Small dead animals may be disposed of at Central landfill as general waste if they are sealed in double-wrapped, strong plastic bags.
- Fees must be paid prior to disposing of any waste where weighbridge is not use.
- A receipt will be issued for all transactions requiring payment.
- It is a condition of entry to Council's waste facilities that users will abide by the above criteria and obey all directions of Council's waste facility staff.
- Self haul means the Scenic Rim Regional Council resident id the driver o
- Waste types are determined by the Waste Services Officer upon inspection.
- Co-mingled recycling disposal in commercial quantities should be pre-arranged with Council prior to disposal. Charges will be discretionary and determined in accordance with disposal locations
- SRRC Resident are those that reside within Councils designated region and can show proof of residency at the time of disposal. Without proof of residency, non-resident and commercial charges will apply.
- For disposal of weighed items, if the weighbridge is not operational, the fees and charges for all sites will apply.
- State Government and Council approved waste fee and waste levy exemptions will only apply when relevant certificates are presented at waste facilities.
- The state government passed the Waste Reduction and Recycling (Waste Levy) Amendment Act 2019 on 21 March 2019 and a waste levy commenced from 1 July 2019 for waste going to landfill
- All non resident, non levy zone, commercial and residents >4.5t GVM/GCM presented at Central Landfill, must be weighed using the weighbridge, unless the weighbridge is out of ordered, the default fees for all sites will be charged.

What is General Waste from households?

This is waste from household activities including waste from the kitchen and bathroom and household items such as furniture, mattresses and appliances.

SEPARATE AND SAVE

Council encourages householders to separate recyclable items from their general waste for recycling.

Look at Council's website www.scenicrim.qld.gov.au or call 5540 5111 for more information on what can be recycled at your local waste facility.

The more you separate your recyclables, the lower waste disposal fee you pay! Most recyclables are free.

What is Green Waste?

This includes:

- grass cuttings and garden clippings
- bushes, shrubs
- tree branches, stumps, trunks or root balls (less than 40cm diameter)

HINT:

Please separate your green waste items from other wastes so they can be stockpiled separately and mulched.

Mulch is no longer available from Council's waste facilities.

Tree Stumps

Tree branches, stumps, trunks or tree root balls greater than 40cm diameter will only be accepted for disposal at Central Landfill.

These need to be placed separately to the green waste and will be charged as general waste.

Please see the weighbridge officer.

Refrigeration/Air-conditioning Units

Include but are not limited self contained household air conditioners, refrigerators and freezers.

Charges apply to check and degas the units in accordance with environmental legislation.

Clean Earth

What is clean earth ? — Clean earth means natural material such as clay, gravel, sand, soil and rock that is not contaminated with waste or a hazardous contaminant. If earth contains or is mixed with waste, including concrete, bricks or other types of waste it does not meet the definition of clean earth and additional charges may apply.

Special Burials

Accepted with Council approval and prior arrangement only.

This includes asbestos products, dead animals and other types of waste that may require special burial at the landfill.

SITE RULES FOR EVERYONE'S SAFETY

To ensure everyone's health and safety, Council reminds you of the general rules that apply when you use our waste facilities:

- Follow directions of site staff at all times including requests for inspection of loads.
- Obey all signs including speed limits and be alert for other vehicles and pedestrians on site.
- Always wear covered footwear.
- No smoking on-site.
- Children under 16 and animals should remain inside vehicles at all times.
- Cover or restrain all loads while traveling to and from the facility.
- Do not scavenge from the site, including from waste bins, tip face or scrap metal piles.
