

# TAMBORINE MOUNTAIN GALLERY WALK PRECINCT

Project Update August 2025

*Completed 2022: Artist's impression of Tamboorine Mountain Gallery Walk Precinct*

**Earthworks for the detention basin are almost completed, despite recent heavy rainfall in July. This month, construction crews are continuing to bring in fill material and complete earthworks, weather and site conditions permitting.**

This project is jointly funded by the Queensland Government's South East Queensland Community Stimulus Program and Scenic Rim Regional Council.

## LATEST UPDATE

We are pleased to say that Telstra's works at the car park entry on Long Road are well underway. This essential infrastructure upgrade was carefully managed to minimise disruption to pedestrians and nearby businesses.

The detention basin works included the battering of the of the western wall which is designed to slow the flow of water into local waterways. Helping to minimise erosion and protect infrastructure and ecosystems, this work is nearing completion.

Council is currently using hydro-mulch to help suppress dust in the interim.

# TAMBORINE MOUNTAIN GALLERY WALK PRECINCT

Project Update August 2025

## UPCOMING WORKS

Council continues to bring in fill material delivered via Long Road, Tamborine Mountain, under traffic management with appropriate road signage to ensure safety throughout the project. This is expected to be completed by the end of August, subject to favourable weather and site conditions.

A glimpse of transformation-progress on the car park entry is now clearly visible in the image above.

Residents and business owners will experience reduced speed limits and traffic detours around the work site for access into the proposed car park, allowing the construction crews to undertake their work safely and efficiently.

Pedestrian movements will be minimised and redirected using traffic controllers and signage. Safety measures will be implemented to assist safe movements around the work site.

Construction plant and personnel will be active in these areas during construction working hours.

Council acknowledges there will be inconvenience to local residents, business owners, pedestrians and motorists while these works are being undertaken. Your patience and understanding is appreciated.

## THANK YOU FOR YOUR SUPPORT

As the project progresses, we will continue to provide monthly updates.

We appreciate your patience as construction progresses on this major project for our region.
