SCENIC RIM REGIONAL COUNCIL
2018/2019 Fees and Charges
Effective From 1 July 2018

Planning Fees and Charges

1. Fee Strategy

Council requires an Applicant, as part of their submission, to state whether the application is Code, Impact (Consistent Use) or Impact (Inconsistent Use) in accordance with the relevant Planning Scheme applicable to the property(s).

Receipting of fees upon lodgement shall be on the basis of this initial advice and will be subject to adjustment should it be determined that the statement is not correct.

A Development Application will not be a properly made application for the purposes of Section 51 of the *Planning Act 2016* unless accompanied by the prescribed fee.

1.A Combined Applications (involving more than one type of development) and / or Multiple Land Uses

Fees for a combined application are to be the sum of those fees that would have been required in the event of a separate development application being lodged for each type (e.g. Material Change of Use, Reconfiguration of a Lot, Building Work and Operational Work).

Where an application involves more than one type of land use, then the fee is to be based on the highest land use fee for the application.

1.B Preliminary Approval and Subsequent Development Permit

The application fee for a Preliminary Approval (S.49) is to be the same as for a Development Permit. The exception is an application for a Variation Request under section 61 of the Planning Act 2016 (Variation Request may override local planning instrument), which is identified in this fee schedule.

When a subsequent application is submitted for a Development Permit and the proposal is generally in accordance with the Preliminary Approval (not including an approval under section 50 of the Act), the fees are 75% of the relevant Development Permit fee

1.C Additional Fees for Inconsistent Applications

Under the Beaudesert Shire Planning Scheme 2007, where a use or reconfiguring of a lot is not identified as Consistent Development in a Consistent Development Table for a Zone, the fee payable is 200% of the normal application fee.

Under the Ipswich Planning Scheme 2006, where a use or reconfiguring of a lot is identified as being inconsistent within the applicable zone, the fee payable is 200% of the normal application fee.

Under the Boonah Planning Scheme 2006, where a use or reconfiguring of a lot is not identified as consistent development (i.e. not identified in Column 1 of the relevant Assessment Table or does not fall within a definition included in Schedule 1), the fee payable is 200% of the normal application fee.

1.D Uses not Specifically Identified in the Fee Schedule and/or Unusual Circumstances

Where an application involves a use not specifically provided for and the use or application could not reasonably be included in a category that is provided in the Schedule of Fees, the Chief Executive Officer shall determine the relevant fee. This fee is to be based on an estimated fee to cover the actual cost for Council to cover the assessment and determination of the application.

SCENIC RIM REGIONAL COUNCIL
2018/2019 Fees and Charges
Effective From 1 July 2018

Planning Fees and Charges

1. Fee Strategy cont..

1.E Major Projects

For major projects not covered in the scope of these fees, or where the fee may not recover costs, the final fee will be determined by the Chief Executive Officer based on an estimated fee to cover the actual cost for Council to cover the assessment and determination of the application.

The Chief Executive Officer has the discretion to determine if a project is defined as a 'major project' based on:

- The scale of the project;
- The potential impacts to be assessed as part of the project;
- If the level of work anticipated by the nominated fee under the "DAS Application Fees"; section does not represent the level of assessment required;
- The fee is not covered in this schedule of fees and charges;
- Any other relevant consideration.

1.F Refund of Fees for Withdrawn Applications

If an application is withdrawn before it is decided by Council a percentage of the application fee will be refunded depending on the process stage reached at the time of withdrawal:

Application Stage 75%
Information and Referral Stage 50%
Public Notification Stage 25%
Decision Stage Nil

Note: If an application lapses during the DAS process no refund of fees is applicable.

1.G Fee Concessions – Bona Fide Charitable or Community Organisations

See Appendix One.

1.H Additional Fees for Internal Assessment of Technical Reports by Council

Any development application which requires Council to assess technical / specialist reports (e.g. economic impact study, contaminated land study, flood study, traffic study, acoustic study, cultural heritage study, etc), submitted in support of an application or required by a condition of any approval, is to pay the applicable application fee plus a technical report assessment fee as follows:

Technical Reports - \$1,060

Note: This fee applies in addition to the fee for assessment of technical reports by external consultants.

A resubmission fee of 50% of the original fee applies to any resubmission of a technical / specialist report.

1.I Additional Fees for Expert Advice and / or Assessment of Technical Reports by

The cost of external Consultant's fees in respect to any further expert assessment or advice required by Council in consideration of any application/submission and/or technical report will be charged to the Applicant, including resubmissions. The external Consultant's fee must be paid prior to the determination of the application.

A fee proposal will be obtained from the external Consultant and forwarded to the Applicant for payment within ten (10) business days of receiving a copy of the fee estimate. In the event that the actual amount of the Consultant's fee is greater or less than the estimated figure, Council will refund any excess amount to the Applicant or as the case requires, the Applicant is required to pay any shortfalls to the Council.

SCENIC RIM REGIONAL COUNCIL
2018/2019 Fees and Charges
Effective From 1 July 2018

Planning Fees and Charges

1. Fee Strategy cont..

1.J Refund of Development Application Fees

The Chief Executive Officer has delegated authority to determine to partially or wholly refund a Development Application Fee where a strict application of the scheduled fee is obviously unreasonable for the type of application being received.

1.K Pre-lodgement Service

Pre-lodgement Fee - \$750

An appointment will be for 60 minutes and the Pre-lodgement Fee must be paid at the time of making the appointment. If a longer appointment is necessary, the fee will be applied on a pro-rata basis.

Before an appointment is made, requests must be made on the required application form and accompanied by plans (A4 or A3), description of the proposal and the required fee as shown in the schedule. A deduction of the pre-lodgement fee will be made following lodgement of an application within 12 months from the date of the pre-lodgement appointment. No refund of fees will be given if an appointment is cancelled within 7 days business days of the appointment and also no application is lodged.

Prospective applicants are advised to check the currency of advice with a Planning Officer prior to submitting an application.

1.L Appointment with Professional Officers

Hourly Rate - \$180

Land use enquiries should be limited to approximately 15 minutes. If the enquiry is for a development proposal and more time is necessary, an appointment may be made with one or two professional officers as required. These appointments will not supply the likelihood of development conditions or the likelihood of approval. The appointment will be booked and the required fee must be paid at the time of making the appointment. The fee will be calculated on an hourly rate, on a pro rata basis if required.

1.M Adopted Infrastructure Charges

Council has resolved under Section 113 of the Planning Act 2016 to levy infrastructure charges for development in the local government area in accordance with an Adopted Infrastructure Charges Resolution. The current infrastructure charges applicable to development in the local government area are outlined in Council's Adopted Infrastructure Charges Resolution, which can be viewed on Council's website.

1.N Not Properly Made Applications Returned to the Applicant

If the applicant does not comply with an action notice where an application is not properly made, the application will be returned to the applicant and Council will retain 25% of the fee paid. Full fees are applicable for the resubmission of an application which was not properly made.

1.O Flood Modelling Requests

Where an applicant requests the usage of Council Flood Model data an applicant will be required to pay the cost incurred by Council in extracting the data from Council's external Consultant. In addition an administration fee of \$360.00 is payable to cover the costs of managing the request. A fee proposal will be obtained from the external Consultant and forwarded to the Applicant for payment within ten (10) business days of receiving a copy of the fee estimate.

NOTES - WASTE MANAGEMENT CHARGES

- 1 Receipt of all waste is subject to both Council and Dept. of Environment & Science acceptance criteria and licence conditions.
- 2 No commercial loads of waste more than 2 cubic metres or tree stumps will be accepted at Council's Waste Transfer Stations. These items must be taken to Central Landfill.
- 3 Charges at Central Landfill are by the tonne, however, Council reserves the right to charge by the cubic metre for large bulky items of little weight e.g. foam, polystyrene, wool, clothing.
- 4 Council reserves the right to refuse to accept waste at any of its facilities, or direct waste to be taken to a designated facility, or to request that recyclable materials are separated from general waste or to request that the waste is presented in an acceptable manner for disposal e.g. bagged or wrapped.
- 5 Special Burial includes, but is not limited to: asbestos, regulated waste, large dead animals, etc. Special Burial can only be undertaken at Central Landfill. Acceptance and charges will be assessed on a case by case basis. Small dead animals may be disposed of at Central landfill as general waste if they are sealed in double-wrapped, strong plastic bags.
- 6 Fees must be paid prior to the disposing of any waste.
- 7 A receipt will be issued for all transactions requiring payment.
- 8 It is a condition of entry to Council's waste facilities that users will abide by the above criteria and obey all directions of Council's waste facility staff.
- 9 Domestic customers means SRRC residents obtaining mulch for use at their own home.
- 10 Tip Master to decide on the type of waste load based on legislation and guidelines.
- 11 Co-mingled recycling disposal in commercial quantities should be pre-arranged with Council prior to disposal. Charges will be discretionary and determined in accordance with disposal locations.
- 12 SRRC residents are those that reside within Councils designated region and can show proof of residency at the transfer station. Without proof of residency all charges will be as per commercial and non-resident charges.

SCENIC RIM REGIONAL COUNCIL
2018/2019 Fees and Charges
Effective From 1 July 2018

Appendix One

FEE CONCESSIONS

A bona fide charitable or community organisation as described below may seek a 75 percent reduction in development application fees (includes document lodgement fee) or a 100 percent reduction in licence application and renewal fees. A bona fide charitable or community organisation is an applicant that is:

- (a) endorsed as a charity by the Australian Taxation Office; or
- (b) an incorporated association under the *Associations Incorporation Act 1981* which is not a club licensed under the *Liquor Act 1992*.
- (c) the bona fide charitable or community organisation has an annual turnover of less than \$5 million.
- (d) where the bona fide charitable or community organisation has an annual turnover of greater than \$5 million the development is limited to facilities accessible for community purposes only.

Any organisation, association or group who seeks a reduction in fees shall lodge sufficient documentation with the Council at the time of application to demonstrate that they qualify for the exclusion.

The Council reserves the right to charge the scheduled fee or charge if the Council is of the opinion that the organisation, association or group does not demonstrate to the Council's satisfaction that they are eligible for a reduction.
